

Cleadon Park Regeneration

Cleadon Park in South Shields, is the largest regeneration scheme in South Tyneside. Working in partnership with Housing Association, Enterprise 5 and South Tyneside Council, 720 new homes are being built displaying high design values and public art. New homes are available for sale and rent along with new community facilities, including a health centre, library and customer service centre. In a bid to boost employment and training opportunities in the area, South Tyneside Council and Bellway have entered into a special agreement giving local people the opportunity of a full apprenticeship building homes on the new development.
